

**Thank your for assisting Citizens for
Kettering City Schools in its campaign
for the Kettering Schools Levy -- Issue
14 -- by volunteering to participate in
this pre-election neighborhood walk.**

**Please read and follow these instructions
carefully.**

- 1. Kettering is divided into 61 precincts by the Board of Elections. A precinct is a neighborhood and usually contains between 200 and 400 homes.**
- 2. Enclosed is a map that indicates the streets and boundaries of the precinct you have been assigned. This precinct was selected because its voter history shows that it supports the schools, and we must need to have a strong turn-out on Election Day if we are to be successful in passing Issue 14.**

- 3. Please only visit homes that are within your assigned precinct. Do not venture beyond your precinct's boundaries.**
- 4. We are doing what is called a "literature drop." This means that your team's goal is to leave a flier at every home in your assigned precinct. You are not being asked to knock on doors or ring doorbells. Rather, we are asking that you leave a flier at each home.**
- 5. Please note: DO NOT PUT FLIERS IN MAILBOXES. This is a violation of Federal Law. Many homes have separate boxes for non-mail items like newspapers, etc...it is OK to put the literature in here, to roll it up and put it in the handle of the screen door, to put it between the screen door and the front door or to put it between the mailbox and the house (if the box is attached to the porch.)**
- 6. If someone is working in their yard, etc., when you stop by to drop off the literature, feel free to hand them the flier and simply say "hello," identify yourself**

as a volunteer with Citizens for Kettering City Schools, and tell them “thank you.”

- 7. If you encounter someone who is an obvious “No” voter, thank them and move on. Do not let yourself get into any long conversation. You have lots of houses to visit and some people will never be convinced. Don’t be discouraged. Most people will be non-committal or supportive.**
- 8. Some of the people will tell you they are not registered to vote. That’s OK. Simply thank them for their time and MOVE ON.**
- 9. Stay with your walking partner throughout the neighborhood walk.**
- 10. We will not be canvassing apartment complexes. Many do not have individual front doors and when literature is left in piles, it tends to be tossed. Our time is better spent hitting individual homes or rental homes/condos that have individual front doors.**

**If people have questions you can't
answer easily, please give them the
following numbers to call:**

-- 499-1420

-- 499-1433

**Thanks again for all your
hard work. Your walk today
will help pass the levy!**
